

# Pharma

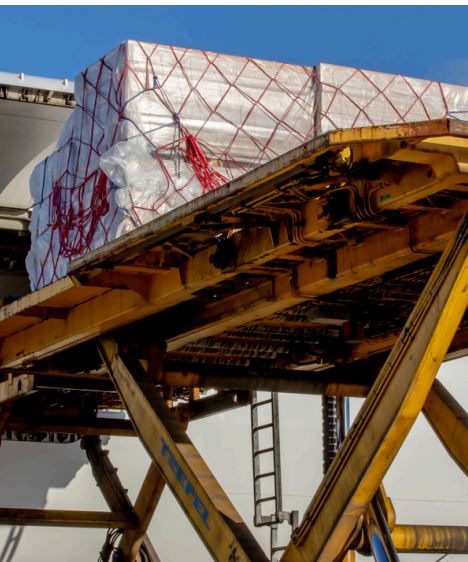

# Maastricht Aachen Airport

Maastricht Aachen Airport is purpose-built for the rigorous demands of pharmaceutical cargo. Strategically located near key biotech clusters in Belgium and Germany, MAA combines operational speed with full compliance, offering total control over your time- and temperature-sensitive shipments.

## Key advantages

### Why choose MST?

- 24/7 Fast & Secure Operations
- Rapid Handling Times
- On-Site Customs Clearance
- Prime Location for Pharma Flows - Close to European pharma hubs in Liège, Aachen, Maastricht and Leuven

### Certifications

- CEIV Pharma certification
- GDP-Compliant

### Modern Infrastructure

- Constant monitoring to preserve optimal conditions for each shipment
- No slots restrictions
- Dedicated storage areas for temperature sensitive goods

### Dual Temperature-Controlled Storage

Two dedicated cold rooms:

- +15 to +25°C for ambient pharmaceuticals
- +2 to +8°C for refrigerated products
